[BNP Constitutional Vote](#)

Constitutional Vote SF GB messageboard

by Bookworm

I was wondering if members of the British National Party should apply pressure to the leadership of our party with reference to a major plank of our constitution. It seems this is bringing a lot of heart ache, tension, and upset to alot of people. If the mass of the membership want to change the BNP constitution as it now stands.

Quote:

Membership of the British National Party is open to those of British or kindred European ethnic descent. While we welcome contact and co-operation with nationalists and patriots of other races, and with the many non-whites who also oppose enforced multi-racialism, we ask them to respect our right to an organisation of our own, for our own, as we respect and applaud their measures to organise themselves in like fashion.

To amend it by the inclusion of 'non British non-kindred European decent'. Then if the whole party membership voted for the new 'amendment' then we would all know where we stand on this vital issue.

What say ye !

Nah, BNP stands for British Nob Party I lived in Britain for a while and they were the losers who C18 and National Front didnt want around. They are soft and will eventually fall away like the other poseurs.

This matter should only be discussed by members of the BNP, and not by outside trouble causers like WNP etc

Ah hawe got you. You are a zog troll 🇩🇪

So it's up to YOU who are allowed in the BNP ? We aren't allowed ,expelled, but jews, blacks and turks ARE ! 🤪

You should have joined the tory party. That would have gone down really well in Scotland wouldn't it ?

He wasn't a member and he didn't stand for election. I have told you this once before.Keep up lad, your lagging behind.

What are you going on about here ? I live in the UK. I don't get involved in the NA nor US internal nationalist politics. 🤔

Keep to the thread if you please. No jews, blacks or turks in the BNP. That is what we are asking for, as it clearly states in the BNP party constitution.

Is that too hard for you to comprehend ?

Well I'm a BNP member so tell me what are your views?

As a reminder of what it says in the Membership section of the BNP site:

Help us win back our country!
Membership of the British National Party is open to those of British or kindred European ethnic descent. I got slogan from another web site were me and brighton WNP were trying to p[romote WN and he said the quote below and made a total fool of himself and of WN 😡

I do not want ANY jews coons or whatever in the BNP!!!

But if some blacks or sikhs want to support us I have no problem with that as long as they don't stand for the BNP in elections; they are welcome to come out and support a WHITE person standing for the BNP but thats as far as it goes.

To be honest heavan above, you are from the failed 1970's generation and probably too stuck in your ways to see the bigger picture, that is that this is our LAST CHANCE to save the white race in the UK, and any splits and in fighting will only rob white children of a future. There is simply no time left to save us, we have maybe 20 years or so left before we will be a minority and then a memory.

The current problems within the BNP can and should be settled within the BNP and not by sniping and backstabbing. Like saying nick and le Pen are Gay is just ZOG shit and saying lies about Griffins daughter is pure sick.

Yes, we failed British nationalism 🤔, and if it wasn't for the likes of us older members, there would be no BNP for these new 'johnny come latelies' to have joined .

But at least we agree, that the BNP should stick to the Party Constitution.

Where did you get that little speech from?It sounds just like the crap Odins-Arse says on Stormfront.
Are you in collusion with her?Be warned,if not,she gets very angry with people repeating what she says.
Its a waste of time having a vote in the BNP.Many of the white nationalists have left and those still there are probable out numbered by the JohnJewTree faction.

How about supporting a real White Nationalist party.One that does not have jews or turks in it.Or doesn't sell-out over race-mixing.So I guess I know more then you.

What about the NF then?

Are they not a WN party?

Is there a need for the WNP?

There is little point in talking to the likes of you as you are stuck in a 1930's timewarp
