Nick Griffin arrested by zog police

BNP leader Nick Griffin arrested

Police confirmed a 45-year-old man had been arrested on Tuesday

The leader of the British National Party has been arrested as part of a police inquiry following the screening of a BBC documentary.

A party spokesman said Nick Griffin was arrested on Tuesday morning on suspicion of incitement to commit racial hatred.

West Yorkshire police confirmed they had arrested a 45-year-old man from outside their area.

BNP founding chairman John Tyndall was arrested on Sunday on the same charge. He has been released on police bail.

All members and supporters of the movement should stay calm.

We would like our International friends to be kept 'up to speed', with this latest round of State repression

The National Alliance perhaps one of the most HARDLINE pro-White organisations in America & one with which we also

have VERY SIGNIFICANT IDEOLOGICAL & tactical differences.

I need bringing up to speed myself. Its never taken me this long to sober up before! lol....

Up to now I count three arrests this week so far. John Tyndall, Mark Collett, and now Nick Griffin.

Have I missed anyone? And who will be next?? 🤪

With the dried blood stiff on my temples I climbed the hill, cursing the satanic way of men, yet knowing myself vile, for they had not known what they were doing, but I betrayed an innocent; and the tears - weak, whiskey tears - would not wash from my brow the blood of a little brother.

As long as one white man remains in England, that white man will be regarded as an enemy of Labours New Marxist State .

England - regarded by Labour as a home fit for Niggers.

A BNP spokesman said: "At 0700 four non-uniformed police officers awoke the Griffin household from their sleep at their family farmhouse in mid-Wales.

"Mr Griffin was arrested and is currently in transit to a station in West Yorkshire.

"He is believed to have been arrested on suspicion of incitement to commit racial hatred."

Personal intrusion

While this is a disgraceful attempt by the fascist regime of Blair and Blunkett to silence political opponents let us not forget that Mr. Griffin and his family are real people in a real home. Less than 10 days before Christmas, with the family home decorated in preparation for the festive season four stormtroopers of the Blairite regime are now busy ransacking the home looking for material in relation to the alleged offence.

One of her Mr. Griffin's daughters saw the men in the study and asked her mother

"Where is daddy, is he still in bed?"

"No dear, he has been taken away"

How do you explain to a ten year old that her father has been

arrested and taken away to the police cells for making a political statement? This is not the Britain that many viewers will recognise, this is a scene more akin to something from Eastern Europe at the height of the Cold War, something akin to an everyday scene in a banana republic.

Another daughter has suffered a violent asthma attack, brought on by the stress resulting from the sight of these bullyboys working their way through her bedroom, opening wardrobe doors, violating her own personal and private space.

Anger understandable

We conclude by making an appeal for calm, all supporters are asked to remember that this is a deliberate attempt to disrupt the operation of the only political party in the UK that is a genuine opposition to the Blairite regime. We are all very very angry about these actions to silence our spokesmen and to disrupt our day to day activities but our organisation will grow in strength and capability if we show restraint and a typically British stiff upper lip.

It seems that ZOG isn't very happy with us lot!

I agree with some others in another place, this stinks of the puppets trying to please their zog masters.

With the JT arrest, which judging by the reports was a co-ordinated and pre-planned exercise. The arrest of Mark Collett and today the arrest of Nick Griffin. One thing IS for sure, the whole of Nationalism is now under attack.

I agree with HA, we need to stay calm and plot our way out of this.

I am tempted to shout out the question: "What are they afraid of?". But I know the answer, the truth! 😞

Arresting JT, MC and now NG isn't going to stop us promoting Nationalism in Britain.

The ZOG state had to make a show of also arresting Mr.Griffin **PLC.**

Old "Gadaffi" Griffin would not have wanted Tyndall to be seen as the WN leader the state feared and himself as the WN leader the state owned! 🌐

Griffin described Islam as a "wicked, vicious faith"

Anti-Arabism surges after BBC host remarks

Police arrested the leader of the far-right British National Party (BNP) after he was secretly filmed calling Islam "a wicked, vicious faith".

The arrest of Nick Griffin on Tuesday, one-time host of French National Front leader Jean-Marie Le Pen, was warmly welcomed by Muslims, some of whom said the government should ban the BNP altogether.

Police arrested Griffin, 45, at his family farmhouse in Wales and took him to West Yorkshire, where officers are conducting a major probe into the activities of BNP members.

Griffin, later released on bail until next March, told reporters: "This is an electoral scam to get the Muslim block vote back for the (ruling) Labour Party."

Prime Minister Tony Blair's popularity plunged and his trust ratings plummeted after he took Britain to war in Iraq.

Racial hatred

Griffin's arrest came two days after police detained the party's 70-year-old founding chairman John Tyndall.

They have now arrested 12 people on suspicion of incitement to commit racial hatred since the investigation began five months ago. None has been charged.

Some British Muslims have called for the BNP to be banned

The police probe was triggered by a BBC documentary, broadcast in July, which included footage of Griffin giving a speech in the northern town of Keighley in which he railed against Islam and its holy book, the Quran.

"This wicked, vicious faith has expanded through a handful of cranky lunatics about 1,300 years ago until it's now sweeping country after country," he said.

Other footage in "The Secret Agent" documentary - watched by some 4 million viewers - shows another BNP member expressing a wish to blow up mosques with a rocket launcher and machine-gun worshippers with "about a million bullets."

Another member told how he put dog faeces through an Asian shop's letterbox, while a third described how he beat up a Muslim man. "I'm kicking away...it was fantastic," he said.

Muslims welcome move

Muslims were jubilant at news of Griffin's arrest.

"At last!" said Massoud Shadjareh, chairman of the Islamic Human Rights Commission, which has long urged the government to outlaw the BNP. "This is extremely important."

"It should have been done long ago. There is no place in British society for the bigots of the BNP," he told Reuters.

The Muslim Council of Britain (MCB), the biggest lobby group for the country's 1.8 million Muslims, also welcomed the arrests, saying it hoped police would now press charges.

"The BNP has been trying to develop a more polished image and a more sophisticated discourse but the BBC documentary showed that behind that facade, the ugly reality is still the same," said MCB spokesman Inayat Bunglawala.

Aljazeera is ZOG'S news outlet based in Qatar. Already their grooming Griffin in the popularity contest. As if he was the true party leader.

Griffin is a fat fack - the BNP existed before and still will

Okay a lot of people may not like this but lets face it shall we - Griffin and his barrister crap of trying to turn the BNP posh was doomed from the start - lets accept that the BNP is not the Monday club or anything else that has blue blood running in its veins - it is what it was supposed to be - British nationalism of the working class!

Gentleman farmer Griffin may think he can eat his way through the donations but how long should he be left at the trough by rank and file members???

The CPS has done us a favour - WNs should be proud of what we are instead of trying to be pushed to be something we're not!

One or two fair enough points made. But I think you'll find that most of the Brits here would not piss on Nick Griffin if he was on fire. I'm sure that a usefulness could be found for Griffin Lecombr and Wingfield in a serious racial nationalist party.....

Regarding Al-Jazeera, last I heard 'Jewish Interests' were attempting to buy shares in the company. Not sure it paid off though.

I don't regard JT etc being arrested being a great suprise. Look at the harrasment the Russian Secret police gave the Jews before the Russian revolution.....
