But there is a strategy of falling back and regrouping.

The NWO agenda has affected every White nation.

I think Louis has hit the nail on the head. but why couldn't we get Whiteville off the ground? I think it was a good idea and held some promise for those of us who want to be among our own kind - but isn't Alberta too cold in the winter???

Personally, I could put up with the cold winters if I were living in

a Whites only area. Northern Ontario is really quite beautiful. Lived there for two years and am planning to retire there eventually. The only way I would move elsewhere is if the Whiteville scene gets just a bit off the ground.

Absolutely! In Norway, for one, they just don't put up with non-whites. I was talking to some Indian girl (as in east Indian, etc) who said her family moved to Norway and everyone there despised them. It got to the point where they felt so excluded from everything they caught the boat to Canada instead.

Re: Moving back to Europe

It's not going to get off the ground. And I think it was highly presumptuous of 'some people' to be ready to pounce on the farmers of Alberta who would supposedly be forced to sell their land after the whole mad cow scare and the recent drought years. Most of those farmers are white, and they did not like to hear that there was a group of white people prepared to snatch up their land at a cheap price. It would further our cause in a much more positive way to try to help keep those white farmers on their land, making an income. And really, is it better to segregate ourselves from multiculturalism, or to try to segregate the people we are trying to stay on top of??

True to the end

There are towns in northern Ontario, and probably elsewhere in the Canadian north, that are ready for the taking. Let me explain. When I was residing up north, I noticed several things that were quite interesting. First of all, the people are mostly White. Many descendants from northern Europe. They worked in the nichol mines, generation after generation. Good healthy stock! Big families too.

Property is cheap; you can't imagine. You can buy a four bedroom house for as little as \$35,000. The countryside is amazing. Fish and wildlife is plentiful. Crime is low, and the cops are lazy.

One day I am going back; wish I would've never left.

Re: Moving back to Europe

Hello all!

I was born and raised in the USA, OHIO. Well I am very WN. I love the white race. My grandfther came to the USA from Germany. I and my wife "who is Ukrainian and very WN. We have moved to Ukraine. Ukraine is 99% white....you hardly ever see blacks there. I couldnt take the USA anymore. The trip last year we took to what we thought was Americas most "cultured city" Boston was packed full on negros and muslims. Thus that was the bracking point for us.

We are now very happy after 3 month here in Ukraine. We have investments that we can live on for many years. I am very happy we made this choice.

Russian is a hard language and it took me 3 years to get to advanced, but well worth it.

Guys, Ive served in the negrofied US Army for years....and I am done with the USA! Unless it gets a wake up call fast it is done.....As long as Estern Europe stays white I am happy. Anyway its nice to be here!
